Re: CALFED's Draft Preferred Program Alternative

Dear Lester,

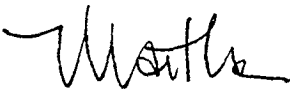

I am re-sending my corrected comments on CALFED's Draft Preferred Program Alternative.

The California Research Bureau sent me an incorrect copy of its August 5, 1998, testimony to the Senate Select Committee on CALFED Water Programs. They notified me this morning of the error.

I have made the appropriate changes to my comment letter. Please use this version for the formal record.

Thank you.

Sincerely,

Martha Davis
